

To Whom It May Concern

I have been asked by Andrew Graham of Event Project Management to provide this reference and it is my pleasure to do so.

Anglicare provides aged care services to the frail elderly in our community through its Chesalon Aged Care division. These services are provided through Chesalon Residential Care facilities and Chesalon Community Services.

Event was appointed by Anglicare in mid 2007 to manage a due diligence study relating to the possible acquisition by Chesalon Aged Care of four residential aged care facilities from another Not For Profit organisation. Event was responsible for managing the legal, financial, property, human resources, operational and communications aspects of the study.

We found Event to be well organised, highly responsive, experienced and diligent. Event planned the study and coordinated the team comprising Anglicare personnel and external consultants. Event led the team so that the project was delivered to program, within the approved budget and so that it achieved all the required objectives.

I have no hesitation in recommending Event based on the outcomes that they achieved for Anglicare with regard to this project. I would be happy to discuss our experience with any prospective client of Event if this would be of assistance.

Rob Evers
Director, Chesalon Aged Care
