Att: Mr Andrew Graham

Dear Andrew,

We are up and going!! It is so good to have the Multi-Purpose Hall in action. It's everything we had hoped for and more.

The School Board has asked me to pass on its gratitude for ePM's huge contribution in bringing together and delivering this project. Your team consistently demonstrated a professional and competent approach in first advising the Board, and then administering the building contracts through to the completion of the building.

As the school's representative, I found working with all your staff, in particular Gina, very comforting because, in the myriads of detail, nothing was overlooked and they frequently anticipated potential issues to allow me time to process. Following up has been meticulous and tenacious. They have been exceptional which has made the whole project a great experience.

When the challenges arose, your teams' clear guidance through the issues was wise, fair and timely. It is important to the school that all negotiations, while protecting our interests, were conducted in a reasonable manner. It was pleasing to see that came naturally to ePM.

Congratulations Andrew. We believe you have employed a staff that reflects experience and proficiency. We also believe we received the full measure of this in our Multi-Purpose Hall.

We look forward to working with ePM again. It will be a pleasure to provide references to potential clients for ePM.

Yours truly,

John Downward
