Dear Andrew,

As we approach the end of another year, I wanted to take the opportunity to thank you and your team for your support in 2013. In particular, I wanted to acknowledge the contribution of Steve Welsh and Anne Wharren in planning and managing the Medical Centres Uplift Project.

The support provided by EPM has been central to the achievements of my team this year. You should be proud of your achievements in the Medical Centres Uplift Project as well as the Carpark Intrusion Project. It is clear to me that the effectiveness of EPM is due not only to the high quality of your people, systems and technologies, but also to your can-do culture and your strong advocacy of your clients.

I personally value your strong support of my role, as well as the professional, responsive and reliable way in which EPM deals with my team and our requests.

I look forward to the challenges that lie ahead in 2014 and the ongoing support of EPM. Please pass on my thanks to your team.

Yours sincerely.
