Dear Andrew,

I would like to thank EPM Projects for your assistance in locating, securing and fitting out our new office in Melbourne.

In particular your team assisted us with:

- Conducting an extensive search of Melbourne for a suitable premises that met our criteria,
- Negotiating favourable terms for the lease, and
- Management of the design, tendering and fit out of the new office.

The project was delivered on time, within budget, and met the expectations that were set for design and quality. Our staff have settled in and are very happy with their new environment.

This is our second office selection and fit out with EPM Projects and we are very happy with professionalism of you and your team and the outcomes achieved.

I look forward to working with EPM Projects again on our next office.

Yours sincerely,

Debbie Hilton
