

Pymble Ladies' College

16 March 2015

To Whom It May Concern – Letter of Endorsement

Pymble Ladies' College is currently constructing our \$34M Centenary Precinct project comprising an indoor aquatic centre, learn-to-swim pool, fitness centre, car park and playing field. The facility is due to open in February 2016.

EPM Projects were selected as the College's preferred Project Manager through a tender process. It was an excellent choice. From the outset Andrew Graham, Steve Welsh, Nick D'Ambrosio have professionally engaged and collaborated with all stakeholders and shown great attention to detail in all aspects of the project. Their professionalism, strong relationship skills and their focus on 'best practice' outcomes has been outstanding. The team's education industry and aquatic centre experience is clearly evident and through their strong leadership are driving the pillars of scope, time and budget extremely effectively.

EPM Projects has been extremely responsive to the needs of the College and has shown dedicated focus on building strong relationships to ensure the success of this very important and exciting project for our community.

It is on this basis that I would have no hesitation in endorsing EPM Projects.

Yours sincerely

Vicki L Waters
Principal
