To Whom It May Concern

I write to introduce you to epm Projects Pty Ltd.

The building of our Junior School and gymnasium in Rose Bay is a substantial enterprise, costing over \$30M, and initially expected to take a year to complete. During the year it became evident that our then Project Managers were not able to complete the project to our quality assurance and timeframe requirements. From the time we asked epm Projects to take over project management, some eight months ago, we have been nothing but impressed by their service and efficiency. Not only have they delivered on the quality of the project but done so in a timely and effective manner.

The project is now close to completion. Mr Andrew Graham, Managing Director, epm Projects, has personally ensured the buildings are as we all first envisaged them; state of the art educational facilities.

I don't usually write endorsements but in this case I am more than happy to do so, as epm have, to put it bluntly and colloquially, got our big project back on track.

I thoroughly endorse epm and would be happy to discuss the company or provide additional information should you be planning major works and be considering project management. I am contactable on 02 9327 9426.

Yours sincerely

JJS Madin
Headmaster
