To whom it may concern

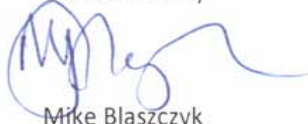

Re: EPM PROJECTS

McCall Gardens is a not for profit, non-government organisation providing services to people with disabilities. We were introduced to EPM by another trusted advisor at a time when we were looking for a Project Manager to manage a land acquisition and development program for community housing in western Sydney.

Following a competitive procurement process, EPM emerged as the winner on several fronts including their demonstrable and sound understanding of the project and their clear approach to risk management issues. EPM has amply demonstrated technical competence across all areas of this project stage and their attention to detail has assured all of our governance requirements for this program will be acquitted.

I would particularly commend Johan O'Brien for his leadership, professionalism, diligence and advocacy on our behalf. Johan has consistently demonstrated high level skills in his management of a range of stakeholders associated with the project. McCall Gardens has valued the close working relationship with EPM over the past months and looks forward to building on our relationship in the future.

Yours Sincerely

Mike Blaszczyk

General Manager
